We are well equipped with advanced technology, experienced personnel and a global network to offer customised and cost effective solutions to our clients.

## OUR SERVICES

Our wide range of specialised services include :

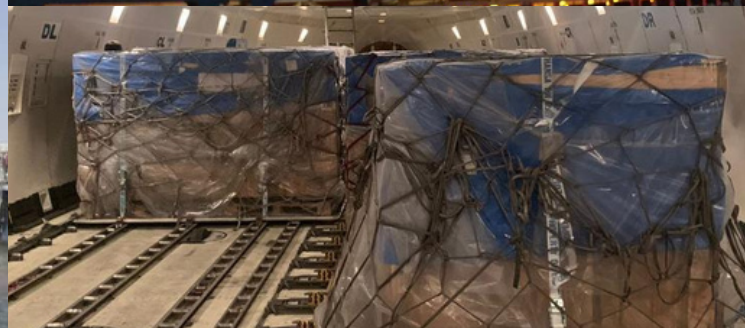

- Ocean & Air Freight Forwarding
- Import and Export Documentation
- Project Cargo
- Domestic & International Intermodal transportation
- Customs Clearance
- Cargo Storage and and Distribution

## PROJECT CARGO MANAGEMENT

At Heima, we specialise in providing logistics for Turn Key Projects in the Oil and Gas, Infra and Energy sectors.

We Focus on :

- **Planning:** PCM involves meticulous planning, detailed load calculations and risk assessments to ensure the safe and effective transportation of large scale or heavy cargo .
- **Execution :** PCM requires experienced professionals to oversee the process from the use of specialised equipment and the securing the cargo to the loading and unloading .
- **Monitoring :** Effective PCM requires constant communication and tracking to ensure that delivery schedules are met and potential issues are identified and addresses in real time.

## CHARTERING

### AIR CHARTERING

Air chartering for cargo is a game-changer in the world of logistics. It empowers businesses to overcome logistical challenges, reach new markets, and provide faster, more reliable service to customers. By choosing air chartering services, you can gain a competitive edge and elevate your cargo logistics to new heights.

### SHIP CHARTERING

Ship chartering services are a vital component of global trade, providing businesses with the means to efficiently and effectively transport goods across oceans. With their versatility, cost-efficiency, and global reach, ship chartering services are an essential tool for businesses looking to navigate the seas of international commerce successfully.
